Preface

This media directory contains information on print, radio, television, and electronic media outlets in the Metro Vancouver area. It has been compiled from sources including the internet, other media directories, and media outlets. This information is presented in four key sections, Print, Radio, Television, and Electronic, which cover seven Metro Vancouver cities. It also includes French language, ethnic, and campus media.

Two indices are contained in the document: a city index which lists all media outlets in a specific city and a comprehensive alphabetical index of all the Metro Vancouver media outlets.
